Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Kelly Road in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Fraser and the project is located at Kelly Road between 14 Mile Road and 15 Mile Road in Fraser, MI 40826.

The funding is designated for the reconstruction of Kelly Road between 14 Mile Road and 15 Mile Road. In addition, the communities will add sidewalks along both sides of the road, reducing flooding and improving drainage.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: this roadway has experienced advanced deterioration, which is impacting local businesses' ability to transport manufactured goods effectively. The improved roadway surface will benefit the surrounding industrial, commercial, and residential neighborhoods with improved transportation reliability, reduced vehicle emissions, and reduced noise pollution. Further, the addition of sidewalks will reduce the potential for pedestrian crashes, of which there have been two in the last three years.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
